Altamash Amil

LinkedIn: aamil06
Github: AltuRome
Leetcode: o6cfEZeXYq
Email: altamashamilap@gmail.com
Mobile: +91-7067471875

Skills

Languages: Python, JavaScript, C, C++
Frameworks: Keras, Tensorflow, Pandas, Raylib, HTML, CSS, Node.js, React
Tools/Platforms: Clion, PyCharm,WebStorm, IntelliJ
Soft Skills: Public Speaking, Presentation, Communication, Resourcefulness

Projects

- **GNSS Satellite Error Predictor (ML):** Since Nov 2025
  Tensorflow, NumPy, AutoGluon
  - Developing a deep learning model to forecast time-varying clock and ephemeris errors for navigation satellites.
  - Integrating **Long Short-Term Memory** and **Transformer**-based networks to predict error accumulation patterns at precise 15-minute intervals.
  - To significantly reduce the delta between the uploaded and modeled satellite parameters.
- **GraphMap - Graph Path Finder:** Jun 2025 - Jul 2025
  Raylib, FMT, termcolor
  - Solved map routing congestion within weighted graphs.
  - Implemented Dijkstra's algorithm using **STL**, integrated a custom CSV parser to model graph node data.
  - Achieved real-time visualization of optimal paths through **Raylib**, successfully validating routing accuracy
- **LCalc - Academic Performance Estimator:** Jan 2025 - Feb 2025
  React, Express.js, Docker
  - Engineered a website using **React**, **Node.js** and **PostgreSQL** platform to assist students in strategic semester planning.
  - Integrated complex processes to process user grades and identify subjects for potential score improvement.
  - Delivered predictive scoring to enhance user academic performance and preparation

TRAINING

- Data Structures and Algorithm - Lovely Professional University: Jun 2025 - Jul 2025

CERTIFICATES

- Spin and Speak: Extempore speaking competition (CPE, LPU) Sep 2025
- Fundamentals of Network Communication (Coursera) Nov 2025
- Peer-to-Peer Protocols and Local Area Networks (Coursera) Nov 2025
- TCP/IP and Advanced Topics (Coursera) Nov 2025
- Packet Switching Networks and Algorithms (Coursera) Nov 2025
- The Bits and Bytes of Computer Networking (Coursera) Nov 2025
- Community Service Volunteer (DV Singh Foundation) Jan 2025 - Feb 2025
- DBMS and MySQL beginner to Advanced (Udemy) Jun 2025 - Sep 2025
- Mastering Data Structures and Algorithms using C and C++ (Udemy) Apr 2025 - Sep 2025
- Java (LPU) Jan 2025 - May 2025
- C Language (LPU) Jan 2024 - May 2024
- Data Structures and Algorithms (LPU) Aug 2024 - Dec 2024

ACHIEVEMENTS

- Secured `1st` position in Spin and Speak, an extempore competitive speaking event, by Centre for Professional Enhancement, Lovely Professional University.

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology – Computer Science and Engineering Since Aug 2023
- **Scholar's Home Senior Secondary School** Uttarakhand, India
  Intermediate Apr 2019 – Mar 2021
- **Krishna Public School** Chhattisgarh, India
  Matriculation Apr 2017 – Marc 2019
